

About Me

As a web developer, I thrive on turning ideas into interactive digital experiences. I command HTML, CSS, JavaScript, TypeScript, Next.js, React.js, and even dive into the realms of C and C++. Currently, I'm pursuing Generative AI and Cloud Computing Engineering. When I'm not coding, you'll find me exploring the latest tech trends or lost in a good book. Let's connect and build something remarkable!

Expertise Skill

- C / C++
- Node.js
- HTML & CSS
- Next.js / React.js
- TypeScript / JavaScript
